NO CHAMP. GAME NEXT SATURDAY

Grant Town Team Cannot
Play On That
Day.

Rumors have been circulating to the effect that the county baseball championship will be decided at the South Side baseball park Saturday afternoon at which time a game between Grant Town and the Consolidation Coal Company mine has been announced. Any information to this effect is wrong in that Grant Town has never agreed to play the game on Saturday and would be unable to do so because of the responsible positions that several members of the team hold who could not be excused for a Saturday game. This has been explained to Manager McAteer of the Consolidation team.

If the game deciding the county championship is to be played it must be played on Sunday as this is about the only time that the Grant players will be able to play. Manager Kirschner of Grant Town has written a letter to Manager McAteer of the Consolidation team pleading the situation, although expressing a desire to play the game.

The Consolidation Coal Company baseball team were booked to play the Pittsburgh Steel company nine at South Side Park on Saturday afternoon but the game has been canceled by the Pittsburgh team.

SPECIAL TRAIN FOR U. OF P.-W. V. U. GAME

Will Make It Easy for Many
People To See Big
Contest.

MORGANTOWN, Aug. 30.—A movement was put on foot here today to inaugurate special trains and special street car service from all central West Virginia and southern Pennsylvania points to Morgantown and return in connection with the big University of Pittsburgh-West Virginia University gridiron contest which opens the season formally here on September 29. Davis-Elkins plays here on September 22, but the Pitt game is the first real stiff encounter of the season and in many ways is considered the biggest game ever played in Morgantown, especially since Pitt won the gridiron Championship of the United States in 1916.

The plan which was contemplated provides for special trolley car service from Clarksburg, Mannington and Fairview as well as all intermediate points to Fairmont from which point special trains would be operated to Morgantown leaving there about 1:30 in the afternoon of the game. To leave at this time, too, would connect the football special with the regular trains from Wheeling and Grafton as well and would be as convenient for all concerned as could be desired. This train would leave here immediately after the game and at Fairmont again special trolley arrangements as well as good train connections would be available to all points.

It is planned, too, to investigate the interest in the big game in down-river towns in especially in Uniontown, Connellsville and Point Marion on the B. & O. and Brownsville, Belle Vernon and Monessen on the P. & L. E. and perhaps special train arrangements will be made from these points.

It is known that the Pitt authorities, recognizing the local contest as one of the most important of the year are considering the possibility of a special direct from the Smoky City.

NILES, AFTER 19 YEARS OF PLAY, SEES BEST YEAR AT TENNIS

BY PAUL PURMAN.

One of the outstanding features of 1917 sport is the achievement of

Nathaniel Niles in keeping in the national patriotic singles at Forest Hills until defeated in the finals by Lindsey Murray.

This achievement included the defeat of R. Norris Williams, 1916 champion and one of the greatest tennis players of a decade.

Niles' achievements are the more noteworthy on account of his age. He is almost 50, an age at which most athletes have retired.

Niles first achieved fame in 1898 when he was a star at Harvard. That year he broke into the big ten in seventh place. Two years later he was ranked fourth.

That was his best ranking until this year when he qualified to rank second in the country.

Any American league pitcher will attest to that.

If the Baltimore Feds got Washington's place in the American league, what would happen to the American league without Walter Johnson?

The Navy is going to play football next fall—with the Kaiser's helmet, we hope.

MARY MURRIN'S BETTER HEALTH "STAYED PUT"

Grateful User Confirms
Nerv-Worth Praise Given
en Year Ago.

In March, 1916, Nerv-Worth ads contained the following remarkable signed endorsement:

"I have been sick two years. Doctored considerable, taken lots of medicine. I had pains in my chest that would keep me from doing my work. Coughed night and day and it was very distressing. Nervous headaches, dizzy spells all the time, bloated awfully, and the gases would smother me until I thought I would die. I was completely down and out when I got my little bit of work done. I did not rest at night and I was completely run down. I'm on my second bottle of Nerv-Worth. I began to get relief after the first week and firmly believe if I hadn't found Nerv-Worth I could not have lived. I think Nerv-Worth is the finest medicine I ever took, as it relieved my terrible suffering and I am certainly a friend of Nerv-Worth."

"MRS. MARY MURRIN,"
Wheeling, W. Va.

A few days ago Demonstrator England, of the Nerv-Worth force had the pleasure to meet Mrs. Murrin, who lives at 3821 Eoff St., Wheeling. He writes the office that Mrs. Murrin is in excellent health, is enthusiastic as to Nerv-Worth's curative qualities, highly recommends the tonic to all and is quite willing to have her words of praise reprinted.

This is one of a multitude of proofs of Nerv-Worth's lasting benefits. Crane's Drug Store sells Nerv-Worth in Fairmont. Your dollar back if Nerv-Worth does not benefit you.

SOME NEW KINKS IN THE TRAINING GAME

Colleges Are Going To Cut
Down On the Expenses
This Year.

MORGANTOWN, Aug. 30.—The table, regarded in former years as an indispensable part of the program for training a gridiron eleven will likely be entirely abolished this year at West Virginia as well as at practically every other institution in the country.

This move is considered likely because of the recommendation of the National Collegiate A. A., which at its Washington meeting passed resolutions to the effect that no "Training camp, Training tables, Preliminary

training, pre-season coaching" and a number of other things should be employed this year by the colleges. The end sought was to eliminate unnecessary waste, to take away some of the emphasis that has been placed on the training of the few "super-athletes" in the past and to give the young men more time to think of their preparation for the war.

West Virginia together with Pitt, W. & J. and some others of the most formidable teams she meets, will be practically compelled to go ahead with her plans for the training camp, which however, will be cut down to ten days works instead of three weeks as in former years. The camp is absolutely necessary because of the fact that it is no more logical to send a football team into a hard game without training than it is to send an untrained army into a crucial battle.

West Virginia plays Pittsburgh here just ten days after the opening of school and has a less important game a week earlier even than that.

The question of eliminating training table has not been entirely settled but it seems certain that no table will

be operated and that formal announcement on this point will be made in a few days.

IT IS SERIOUS

Some Fairmont People Fail To Realize the Seriousness of a Bad Back.

The constant aching of a bad back. The weariness, the tired feeling. The pains and aches of kidney ills. May result seriously if neglected. Dangerous urinary troubles often follow.

A Fairmont citizen shows you what to do.

Geo. B. Morgan, P. O. Box No. 168, Fairmont, says: "I am always glad to say a good word for Doan's Kidney Pills. I know they are a good remedy, for they helped me a great deal when my kidneys were out of order. I had been suffering with rheumatic pains in my limbs and joints. I got Doan's Kidney Pills from Crane's Drug Store and they relieved me."
